

# Good Blood

## Hood's Sarsaparilla

Is essential to health. Every nook and corner of the system is reached by the blood, and on its quality the condition of every organ depends. Good blood means strong nerves, good digestion, robust health. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sends the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. Remember,

### FARM NEWS.

A. J. Goodbrod, of Union, shipped a carload of peach-plums this week. The Los Angeles Olive Growers' association proposes to build at once a pickling works and oil mill. The next great horse show to be held in San Francisco will last four days from 9th to 12th inclusive. J. N. Watson expects to start about September 15, from Sican, Lake county, for Reno, Nev., with 4000 head of sheep. Over \$1,000,000 will be put into circulation in and about San Francisco through the meetings to take place during the racing season. The Hungarian Minister of Agriculture estimates the wheat crop of that country at 146,000,000 bushels, against 142,000,000 bushels last year. The third annual district fair, for Jackson and Josephine counties, will be held at the Central Point fair grounds for five days, beginning September 22. Exports of wheat for the year closing June 30, were short nearly 15,000,000 bushels over the year before Russia and Argentina were able to undersell us. A French Prairie farmer says if free silver makes eggs sell for 40 cents and butter for 60 cents in Mexico, free silver wouldn't be so bad for farmers in this country. Los Nietos valley, Cal. will ship this year some \$300,000 worth of walnuts, it being the heaviest crop for years. There will also be a large orange crop. The Southern California Fruit Exchange will be reorganized on the second Wednesday in October, and steps are now being taken leading thereto. The Exchange is the central body for all the different county exchanges of southern California. Use a light frame two feet square and two feet high. Cover the top with a board and around the four sides have wire netting, about two-inch mesh. Put this frame in the yard among the other hens and enclose the hen in it. She can see the flock, and while endeavoring to gain her liberty she forgets her broody habit. A day or two in this box is enough. The cattlemen are again wrathful with the "self-supporting" Papago Indians of the plains of Southern Arizona. The self-support has consisted mostly of helping themselves to cattle of any brand that came along, provided they were in prime condition. At one time this means of livelihood meant a loss of 1,000 head a year, the Indians further "supporting" themselves by selling the beef in mining camps. It is an exasperating state of affairs. Delivery of sugar beets at the Chino factory for the seven days to August 15, was 3,927 tons, making the total for the season 7,092 tons. Inside the factory slicing has averaged 711 tons a day, which is a fair average. The total sliced up to last was 8,898 tons. In the sugar department, sugar is being turned out at the rate of about 2,000 sacks—200,000 pounds, or 100 tons—per day. Up to August 15th the output for the season has been 1,000 tons. F. A. Young arrived last night from a visit to Boston and other eastern cities. He brought with him a carload, 60 heads, of thoroughbred Shropshire rams that he will take to his farm in the southern part of the county. They were bought in Michigan and are from the best strains of American-bred Shropshires. Mr. Young is the pioneer breeder of Shropshires in this section.—Times Mountain.

The Santa Rosa Democrat says that hop growers who have not contracts are in a bad way. There is no change for the better in market conditions, and it is safe to say the new crop will command no better price than last year.

Most of the yards near this city have been grubbed out, and in former years on land where the brewing blossoms ripened, corn and pumpkins are growing. Several of the largest yards in the Russian river valley are being worked, for the owners have contracts at fair prices running for a period of years to come.

A True Lamb Story.—Mr. J. F. Engle, living near Portland, has a ewe that bids fair to make him a lot of money. It is just an ordinary mountain ewe, but as a breeder we have never heard of its equal. In March, 1905, this ewe dropped four lambs; in February of this year she dropped one lamb, and to cap the climax, last Thursday, she dropped four lambs that are all living and doing well. This makes nine lambs inside of 15 months, and is the best record of which we have heard.—Winchester Democrat.

There are some drawbacks to Canadian farming. In Fraser valley there first came ruinous floods, which were followed by a scorching drought which burned up the vegetation not ruined by water. The drought was followed or accompanied by forest fire, burning up many homes and forcing ranchers to abandon their settlements. The farmers are now facing another difficulty. Mosquitoes have been driven to the river by the forest fires and are hovering over the fields not burned or swamped, in some localities so thickly that men cannot be hired at \$5 a day to harvest. In some localities in the Chilliwack district the farmers are actually driven from their homes by the aggressive attack of myriads of mosquitoes.

### STATE NEWS.

Eugene has a juvenile McKinley club with a membership of 17. Mrs. J. M. Leezer is now the owner of the Blue Mountain Telegraph company.

Mrs. Goldenstein, of Astoria, had her purse stolen in broad day light by a purse grabber. The estimate of the number of logs put in on the Columbia and its tributaries this season is placed at 100,000,000 feet.

At a special meeting of the police commissioners of Portland 19 of the starved veterans were relieved of official heads. James Stewart and George Campbell of Springfield were each fined \$50 and costs for shooting China pheasants out of season. Prof. R. W. Everman, the government fish expert has recommended that fish be planted in Crater Lake. Crater Lake having sufficient matter in the water to support fish.

The people, of the town of Antelope, petitioned the county court, of Wasco county, to incorporate Antelope under the law authorizing county courts to incorporate towns. Fred Davis, of Union, killed an American eagle, the first of the week on the hill east of town, that measured 64 feet between the extended tips of its wings. He will have it mounted. Ray Lafort, of Albany received a very nice medal for his bravery in saving the life of two girls. The following inscription is on the medal: "July 29, 1896. Presented to Ray Lafort by his fellow workmen as a reward for saving two girls."

Think It Over. Have you ever heard of a medicine with such a record of cures as Hood's Sarsaparilla? Don't you know that Hood's Sarsaparilla, the One True Blood Purifier, has proved over and over again, that it has power to cure, even after all other remedies fail? If you have impure blood you may take Hood's Sarsaparilla with the utmost confidence that it will do you good. Hood's Pills aid digestion. 25 cents.

To the Taxpayers of Marion County. The county board of equalization will convene at 9 o'clock a. m., August 31, 1896, and will be in session six consecutive days. D. D. Coffey, county assessor.

## O. R. & N. CO.

Are solid as a rock. If there is one thing more than another the Burlington route is proud of, it is its track. Smooth—solidly built—free from sharp curves and heavy grades, and laid with the heaviest and most expensive steel rails, it is as near perfection as it can be made. Add to this that the Burlington is the shortest line and offers the best service to Omaha, Kansas City and St. Louis and you will realize why it is the PREFERRED route to the east and south. A. C. SHELTON, G. A., Portland, Or.

# A PEOPLE'S PAPER

The Great One Cent Silver Daily--The Only Associated Press Silver Daily.

Daily Capital Journal \$3 a Year---Weekly \$1.

## POST THIS BILL.

Cut this out and post up in a conspicuous place where it will be seen. All the associated press papers in Oregon, except THE JOURNAL, are published in the interest of the gold standard. Send 25c in silver for the daily one month.

## The Oregon Press Monopoly

Will not treat the restoration of silver fairly. It will not tell the people the truth. It dare not. Take a fair paper that gives the people's side as well as the Wall street side.

## Are You a Patriot?

Help your country by circulating the only Associated Press Daily in Oregon that advocates

## Independent Bimetallism.

All the news of the great battle of the people for silver. Advocates the Bimetallist Union of all who are opposed to the single gold standard.

## Do You Favor Unity and Harmony

as the watchword of the people of Oregon?

## Subscribe for the Capital Journal!

Daily thirty days for a silver quarter. Each issue a complete history of the day's rattling gun of arguments for the people's cause.

## READ! READ! READ!

The people are charged with ignorance by the gold press. This is a false charge. Wherever the cause of free coinage of gold and silver 16 to 1 is most discussed and best understood it is most popular and strongest with the people.

## Sixty Days for 50 Cents.

If you can't talk or write for silver read and mark articles and send them to your neighbors and friends—sixty hot shot for 50c. Cheapest political ammunition in the country. Send a silver quarter or half dollar and try it. The people must be educated and it is your duty to help do this work for humanity.

## WE DON'T WANT GOLD

alone, but we want both gold and silver. There is not gold enough in our country to pay one-twentieth of the debts owing in this country. If you want reputation advocate the single gold standard. It means contraction of our currency, destruction of values, and repudiation. Investigate and you will be convinced.
